KEY PRODUCT FEATURES

INVESTMENT OBJECTIVE

The Fund aims to achieve long term* capital growth by investing in one (1) target fund.

Note: *"long term" in this context refers to a period of between 5 – 7 years.

INVESTMENT STRATEGY

The Fund will invest principally in the USD denominated class AT^A units of the Allianz Global Investors Fund - Allianz Global Artificial Intelligence ("Target Fund").

The investment objective of the Target Fund is to provide long term capital growth by investing in the global equity markets of companies whose business will benefit from/ or is currently related to the evolution of artificial intelligence.

The Target Fund was launched on 31 March 2017. The Target Fund is one (1) of the sub-funds of the Allianz Global Investors Fund, an umbrella unit trust pursuant to Article 181 of the Luxembourg Law of 17 December 2010 on UCI. Allianz Global Investors Fund is authorized and regulated by the Commission de Surveillance du Secteur Financier, the Luxembourg securities supervisory authority ("CSSF").

The Target Fund's manager is Allianz Global Investors GmbH and the Target Fund's investment manager is Allianz Global Investors U.S. LLC. The investment management duties of the Target Fund are delegated to Allianz Global Investors U.S. LLC. The manager of the Target Fund is regulated by the Bundesanstalt für Finanzdienstleistungsaufsicht ("BaFin"), the German securities supervisory authority, while the investment manager of the Target Fund is regulated by the US Securities and Exchange Commission. The depositary of the Target Fund is State Street Bank Luxembourg S.C.A.

Although the Fund is passively managed, the investments in the Fund will be rebalanced from time to time to meet sale and redemption transactions. This is to enable proper and efficient management of the Fund.

The Manager does not adopt any temporary defensive positions for the Fund in response to adverse market, economic, political or any other condition as such defensive strategies are expected to be implemented at the Target Fund's level when deemed necessary by the Target Fund's manager. This will allow the Fund to best track the performance of the Target Fund. It also follows that if the Target Fund fails to adopt a successful defensive position in response to adverse market and economic positions, there is a risk that the Fund will mirror the Target Fund's negative performance, if any.

The Fund is a feeder fund that invests at least 95% of its Net Asset Value ("NAV") in the Target Fund. The risk management strategies and techniques employed will be at the Target Fund level.

When appropriate for all Classes (except USD Class and RM Class), the Manager may participate in financial derivatives, which include but is not limited to forwards and swaps, for the purpose of hedging the currency risk exposure (if any) of the various currency Classes. The benefit of any upside of currency movement is limited when hedging the various currency Class exposures to foreign currency risk as the primary interest is to protect the value of the various currency Classes.

Notwithstanding anything contained herein,

- the Manager may, in consultation with the Trustee and with the approval of the unit holders

KEY PRODUCT FEATURES

of the Fund ("Unit Holders"), replace the Target Fund with another fund of a similar objective; or

- the Manager may close the Fund,

if, in the Manager's opinion, the Target Fund no longer meets the Fund's investment objective, or when acting in the interest of the Unit Holders.

UNIT HOLDERS ARE ADVISED TO READ AND UNDERSTAND THE TARGET FUND'S INVESTMENT OBJECTIVE AND STRATEGY DISCLOSED IN THE FUND'S PREVAILING INFORMATION MEMORANDUM AND ITS SUPPLEMENTARY(IES) (IF ANY).

ASSET ALLOCATION

At least 95% of NAV - Investments in the USD denominated class AT[^] units of the Target Fund. The balance of the NAV shall be invested in liquid assets including money market instruments, deposits that are not embedded with or linked to financial derivative instruments ("Deposits") and collective investment schemes investing in money market instruments and Deposits.

[^] Class "AT" refers to retail accumulation units of the Target Fund.

BENCHMARK

MSCI World Information Technology Index.

An investor may refer to the Manager for this benchmark indicator. The risk profile of the Fund is different from the risk profile of the benchmark.

DISTRIBUTION

DISTRIBUTION POLICY – Incidental. Distribution, if any, is declared at the end of each financial year, or for any other period.

DISTRIBUTION MODE - Distributions, if any, after deduction of taxation and expenses (i.e. net distributions) will be reinvested based on NAV per Unit of the Class as at the first Business Day when Units of that Class are quoted ex-entitlement. Allotment of such Units shall be within two (2) weeks thereafter.

KEY RISKS

KEY RISKS OF THE FUND

MANAGEMENT RISK - As the Fund invests at least 95% of its NAV in the Target Fund, it is subject to the management risk of the manager and investment manager of the Target Fund. Poor management of the Target Fund by the Target Fund's manager and investment manager will jeopardise the investments of the Fund in the Target Fund and in turn, the Unit Holders' investments through the risk of reduced returns and in some cases loss of capital invested in the Fund.

LIQUIDITY RISK - The Fund is also exposed to liquidity risk as there is no secondary market for the Target Fund. Investments in the Target Fund can only be liquidated with the manager of the Target Fund or its appointed agents.

COUNTRY RISK - As the Target Fund is domiciled in Luxembourg, the Target Fund is subject to country risk. The Fund's investments in the Target Fund may be adversely affected by political instability as well as exchange controls, changes in taxation, foreign investment policies, restrictions on repatriation of investments and other restrictions and controls which may be imposed by the relevant authorities in Luxembourg. This in turn may cause the NAV to fall.

CURRENCY RISK – The impact of the exchange rate movement between the base currency of the Fund (i.e. USD) and the differing currency of the non-USD Classes may result in depreciation of the investor's holdings as expressed in the base currency of the Fund.

KEY RISKS OF THE TARGET FUND

Investments in the Target Fund are associated to the following risks:

- | | | | |
|-------------------------|------------------|-------------------------|--------------------|
| • General market risk | • Currency risk | • Company-specific risk | • Volatility risk |
| • Emerging markets risk | • Liquidity risk | • Concentration risk | • Derivatives risk |

KEY RISKS

These risks of the Target Fund are elaborated in the Fund's prevailing information memorandum and its supplementary(ies) (if any).

VALUATIONS AND EXITING FROM THIS INVESTMENT

VALUATION OF ASSETS

The Fund must be valued at least once every Business Day except during the Fund's initial offer period. However, the Target Fund in which the Fund invests in performs its valuation for its relevant business day on the day following its relevant business day.

Accordingly, the valuation of the Fund for the relevant Business Day will be conducted before 5.00 p.m. on the following day in which the Manager is open for business, when the valuation of the Target Fund would have been obtained from the manager of the Target Fund. As such, the daily price of the Fund for a particular Business Day will not be published in the major newspaper on the next day but will instead be published the next following day (i.e. price will be two (2) days old). This will be specifically indicated in the major newspapers.

Investors may however obtain the most current computed price by contacting the Manager directly or visiting our website, <http://www.rhbgroup.com>.

EXITING FROM THIS INVESTMENT

During the initial offer period of each Class, the repurchase price for all Classes are fixed at 1.0000 per Unit in the currency of the Class subscribed. After the initial offer period of each Class, the repurchase price shall be the NAV per unit of the respective Class as at the next valuation point of the relevant Business Day ("forward pricing") after the repurchase request is received by the Manager.

There are no restrictions on the number of Units a Unit Holder can redeem out of the Unit Holder's investments or the frequency of redemptions in a year. For partial redemption, the balance of Units after the redemption must be 100 Units or such other quantity as the Manager may from time to time decide (the "minimum investment balance"). Units can be redeemed by forwarding the completed form of request to repurchase to the Manager's principal office or any of its branches, or to any of its authorized sales agents or participating CUTAs or IUTAs on any day other than Saturdays, Sundays and public holidays before their respective cut-off times.

VALUATIONS AND EXITING FROM THIS INVESTMENT

The NAV of the Fund or a Class is determined by deducting the value of all the Fund's liabilities (or the liabilities relating to the Class) from the value of all the Fund's assets (or assets relating to that Class), at the valuation point. The NAV per unit is determined when the NAV attributable to a Class is divided by the total number of Units in circulation for that Class at that valuation point.

Redemption monies are to be paid within ten (10) business days[#] after receipt by the Manager of the request to repurchase and are payable to

the Unit Holders' bank account. Redemption monies will be paid in the currency of the class subscribed. However, the time taken to pay the redemption proceeds to investors may be extended or delayed if the Target Fund is suspended^{##} and/or the redemption from the Target is deferred^{##}. Should this occur, the Manager will pay the redemption proceeds to investors within ten (10) business days[#] after receipt by the Manager of the redemption proceeds from the manager of the Target Fund.

[#]These are the working days when the Manager is open for business. ^{##}**Information concerning suspension or deferral of redemption by the Target Fund is disclosed in the Fund's prevailing information memorandum and its supplementary(ies) (if any).**
