

**Bind UnionPay card on Alipay and Weixin Pay (WeChat Pay) and save on 3% international card service fees for every transaction in China's Mainland**

**Frequently Asked Question (FAQ)**

**1. What is the duration of this “Bind UnionPay card on Alipay and Weixin Pay (WeChat Pay) and save on 3% international card service fees for every transaction in China's Mainland” promotion?**

- For Alipay, this promotion is valid from 1<sup>st</sup> January 2025 until 1<sup>st</sup> July 2026 (both dates are inclusive).
- For Weixin Pay (WeChat Pay), this promotion is valid from 1<sup>st</sup> January 2025 until 31<sup>st</sup> December 2025 (both dates are inclusive).

**2. Who is eligible for this promotion?**

- This promotion is open to all new and existing BOCM Debit Card (UnionPay) cardholders.

**3. How does the promotion work?**

- Cardholders must bind their BOCM Debit Card (UnionPay) to Alipay and/or Weixin Pay (WeChat Pay).
- Conduct Card-Not-Present (CNP) transactions (QR Code/Barcode) via Alipay and /or Weixin Pay (WeChat Pay) in the China's mainland during the promotion period to enjoy the benefits.
- No registration and enrolment is required.

**4. What is the fulfilment process?**

- For transactions below CNY200, no international card service fees will be applied as per the usual process.
- For transactions exceeding CNY200, the 3% international card service fees waiver will be applied automatically during the promotion period for BOCM Debit Card (UnionPay) bound with Alipay and Weixin Pay (WeChat Pay). This offer a significant advantage compared to other card schemes that still charge a 3% international card service fees for such transactions.

**5. Is there any cap on the service fee waiver?**

- No, there is no limit. The waiver will be applied to all eligible transactions made during the campaign period.

*Note: UnionPay International serves the right to modify any terms and conditions of the campaign without prior notification and in the event of any dispute, UnionPay International decision shall be deemed final.*
