1 Review of Performance and Commentary of Prospects

The Bank's profit before taxation for the three months ended 31 March 2011 was higher as compared with the corresponding period in 2010 due to increased in revenue. The accounting policies adopted by the Bank for the interim financial report are consistent with those adopted in the audited financial statements for the financial year ended 31 December 2010.

The Bank's allowance for impaired loans is in confirmity with the requirements of BNM's Guidelines on Classification and Impairment Provisions for Loans/Financing.
