### NOTES TO UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30 JUNE 2011

#### 1 Review of Performance and Commentary of Prospects

The Bank's profit before taxation for the six months ended 30 June 2011 was higher as compared with the corresponding period in 2010 mainly due to increase in net interest income. However this was offset partly by increase in overheads as a result of network expansion and provision made for collective assessment allowance. The Bank is focusing on growing the total assets base. At the same time emphasis will be placed on the development of the Renminbi business.

#### 2 Group Accounting Policies

The unaudited condensed consolidated interim financial statements for the three months ended 30 June 2011 have been prepared in accordance with FRS134 Interim Financial Reporting issued by the Malaysian Accounting Standard Board ("MASB"). The interim financial statements should be read in conjunction with the audited financial statements of the Bank for the financial year ended 31 December 2010.

The accounting policies adopted by the Bank for the interim financial report are consistent with those adopted in the audited financial statements for the financial year ended 31 December 2010.

The Bank's allowance for impaired loans is in confirmity with the requirements of BNM's Guidelines on Classification and Impairment Provisions for Loans/Financing.

#### 3 Audit Report

The audit report for the financial period ended 31 December 2010 was not subject to any qualification.

#### 4 Seasonal or Cyclical Factors

The business operations of the Bank have not been affected by any material seasonal cyclical factors.

#### 5 Exceptional or Extraordinary Items

There were no exceptional or extraordinary items in the six months ended 30 June 2011.

#### 6 Changes in Estimates

There were no material changes in estimates of amounts reported in prior financial years that have a material effect in the six months ended 30 June 2011.

#### 7 Changes in Debt and Equity Securities

There were no issuance and repayment of debt and equity securities, share buy-backs, share cancellations, shares held as treasury shares and resale of treasury shares for the period under review.
