NOTES TO UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30 JUNE 2015

1 Review of Performance and Commentary of Prospects

The Bank's profit before taxation of RM60.1 million for the six months ended 30 June 2015 was slightly lower as compared with the corresponding period in 2014 mainly due to lower net interest income, higher overhead expenses and lower allowance on impairment on loans and advances. The Bank will continue to strengthen risk management system infrastructure and to ensure confimity with regulatory requirements. Emphasis will be placed on the development of commercial banking products and focus will be on Renminbi earning related business.

2 Group Accounting Policies

The unaudited condensed consolidated interim financial statements for the six months ended 30 June 2015 have been prepared in accordance with MFRS134 Interim Financial Reporting issued by the Malaysian Accounting Standard Board ("MASB"). The unaudited interim financial statements should be read in conjunction with the audited financial statements of the Group and the Bank for the financial year ended 31 December 2014.

The accounting policies adopted by the Bank for the interim financial report are consistent with those adopted in the audited financial statements for the financial year ended 31 December 2014.

Since the previous annual audited financial statements as at 31 December 2014 were issued, the Group and the Bank has adopted the Malaysian Financial Reporting Standards ("MFRS") framework issued by the Malaysian Accounting Standards Board ("MASB") with effect from 1 January 2016. This MFRS framework was introduced by the MASB in order to fully converge Malaysia's existing Financial Reporting Standards ("FRS") framework with the International Financial Reporting Standards ("IFRS") framework issued by the International Accounting Standards Board.

The Group and the Bank will apply the following standards from financial years beginning on or after 1 January 2016:

- Amendments to MFRS 116 and MFRS 138: Clarification of Acceptable Methods of Depreciation and Amortisation
- Amendments to MFRS 127: Equity Method in Separate Financial Statements
- Amendments to MFRS 101: Disclosure Initiatives
- Amendments to MFRS 10, MFRS 12 and MFRS 128: Investment Entities: Applying the Consolidation Exception
- MFRS 5 Non-current Assets Held for Sale and Discountined Operations
- MFRS 7 Financial Instruments: Disclosures
- MFRS 9 Financial Instruments
- MFRS 15 Revenue from Contracts with Customers
- MFRS 119 Employee Benefits
- MFRS 134 Interim Financial Reporting

NOTES TO UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30 JUNE 2015

2 Group Accounting Policies (Continued)

MFRS 9 Financial Instrument

In November 2014, MASB issued the final version of MFRS 9 Financial Instruments which reflects all phases of the financial instruments project and replaces MFRS 139 Financial Instruments: Recognition and Measurement and all previous versions of MFRS 9. The standard introduces new requirements for classification and measurement, impairment and hedge accounting. MFRS 9 is effective for annual periods beginning on or after 1 January 2018, with early application permitted. Retrospective application is required, but comparative information is not compulsory. The adoption of MFRS 9 will have an effect on the classification and measurement of the Group's financial assets, but should have no impact on the classification and measurement of the Group's financial liabilities. Impairment allowances of the Group and the Bank will be affected with the adoption of expected loss model under MFRS 9.

The above standards, amendments to published standards and interpretations to existing standards are not anticipated to have any significant impact on the financial statements of the Group and of the Bank in the year of initial application.

3 Audit Report

The audit report for the financial period ended 31 December 2014 was not subject to any qualification.

4 Seasonal or Cyclical Factors

The Bank has adopted the Standardised Approach for Credit Risk and Market Risk, and Basic Indicator Approach for Operational Risk.

On 6 April 2015, Bank Negara Malaysia issued Policy Document on Classification and Impairment Provisions for Loans/Financing. Pursuant to paragraph 15.2 of the Policy Document, effective 31 December 2015 banking institution is required to maintain in aggregate, collective impairment allowances and regulatory reserves of no less than 1.2% of total outstanding loans/financing, net of individual impairment.

The regulatory reserve is maintained in addition to the collective impairment allowances that have been assessed in accordance with MFRS139. It will be transferred from the retained profits to a separate reserve namely regulatory reserve within the equity.

During the financial period, the Bank has transferred RM18,049 million from its retained profits to regulatory reserve maintaining aggregate of collective impairment allowances and regulatory reserves of 1% of total outstanding loans and advances. The Bank will gradually increase the ratio to 1.2% by 31 December 2015. The regulatory reserve does not qualify as Common Equity Tier 1 (CET1) Capital and Tier 1 Capital under Bank Negara Malaysia's Capital Adequacy Framework (Capital Components). The adoption of this requirement of 1% has resulted in a decrease of 0.325% respectively in CET1 and Tier 1 capital ratio of the Bank and the Group.
